

Ohio's New Educators

We believe empowered educators spark the minds of those who will effect positive change in the world.

Ohio's New Educators (ONE) is a unique community within the Ohio Education Association (OEA) supporting early career educators in their first years of teaching. Our statewide network engages and empowers educators in the first 10 years of their career to become successful, active and visible in their profession and community through collective action.

ONE Supports Early Career Educators Through:

Leadership Development

ONE cultivates leaders to collectively advocate for meaningful and positive change for students and communities by building leadership skills that equip members to inspire others, be more confident in their profession and be a strong voice for their students.

Professional Growth

ONE gives early career educators access to some of the most sought-after authorities in education who provide new and innovative programs that members can use in their classrooms. Members have access to valuable resources in classroom management, lesson planning, and other support for the skills they want to pursue.

Peer-to-Peer Support

ONE provides opportunities to connect and support one another through regional events, working with school districts and reaching out to aspiring educators and colleges and universities. Every student has the basic right to a great public education. That's why ONE supports early career educators who grow tomorrow's inventors, thinkers, artists and leaders.
